EDUCATION

Dr. A.P.J. Abdul Kalam Technical University, Lucknow

B.Tech in Computer Science & Engineering (AI/ML) | CGPA: 8.61 / 10

CBS Academy Intermediate School

Class XII: 88% (PCM) | Class X: 85% (Overall)

EXPERIENCE

Softgrow Tech

Full-Stack Development Intern

- Developed responsive web interfaces using **HTML, CSS, JavaScript, and React.js**, applying component-based development, client-side validation, and **full-stack development** practices.
- Built **REST APIs** using **Node.js** and **Express.js**, implementing **CRUD operations** and database integration with **MongoDB** for client-server communication.
- Used **Postman, Git, and GitHub** for API testing, **debugging**, and version control, strengthening code quality and **problem-solving** practices.

PROJECTS

Student Activity Approval & Recognition Hub

React.js, HTML, CSS, Node.js, PostgreSQL, REST APIs | Full-Stack Web Application

- Built a centralized platform digitizing submission, approval, and tracking of student participation in hackathons, competitions, and academic activities with a **multi-level approval workflow** (Student → Faculty → HOD → Admin).
- Implemented **role-based access control** and **authentication/authorization** using Node.js and PostgreSQL, and built REST APIs with database integration for certificate upload, verification, and reimbursement submission.
- Contributed to frontend and backend development, API integration, and overall approval-workflow design as part of a **full-stack** implementation.

Sahyog — Cooperative Gig Services Platform

HTML, CSS, JavaScript, REST APIs, Git/GitHub | Full-Stack Web Application (Cooperative Marketplace)

- Built a cooperative-owned marketplace connecting customers with local service workers, with separate **customer and worker registration** and **role-based dashboards**.
- Implemented service browsing, a **booking system**, and **location-based worker matching**, using REST API concepts and **CRUD operations** for database integration of worker and booking records.
- Added **real-time communication** (chat and notifications), a **ratings and reviews** system, and an admin panel for managing workers, bookings, and platform activity.

SKILLS

- Programming Languages:** C, C++, JavaScript
- Web & Full-Stack:** HTML, Tailwind CSS, React.js, Node.js, Express.js, REST APIs
- Databases:** MongoDB
- Computer Science:** Data Structures & Algorithms
- Tools & Platforms:** Git, GitHub, Postman, Excel, Microsoft PowerPoint
- Professional Skills:** Leadership, Teamwork, Communication, Problem-Solving
- Languages:** English, Hindi

ACHIEVEMENTS

- Ranked Top 50 in **HackTheBeginning** coding hackathon
- Participant, **Smart India Hackathon (SIH)**
- Institution rank under 100 on **GeeksforGeeks (GFG)**
- Solved 300+ DSA problems across **LeetCode (200+)** and **CodeChef (50+)**
